## Pecatonica Schools want your Brain\*

The Pecatonica school district is loaded with talented people; folks with talent in business, agriculture, medicine, the arts, science, the trades, history, even some amazing experiences...you name it, they live here. And we want them to share their experience and skills with our kids. People that can teach a special skill in shop, or help in a science lab, or advise junior and seniors on career decisions, or tutor a struggling student, or serve as a mentor on a special project...the list is endless. The problem: no one really knows who you are. So we are trying to build a directory of generous folks that are willing to contribute some of their time and knowledge for our kids. If you are willing to help, please fill out the following questionnaire and return it to Pecatonica PTA, c/o Pecatonica Area Schools, Blanchardville, WI 53516 or contact us at the phone or email on the other side of this page. And by all means pass the questionnaire around. **Everyone** in the community is encouraged to participate.
